Year 3 went to Geneva Wood as part of their topic work on forests and their literacy work on the Minpins by Roald Dahl.

We started the morning by listening to the forest sounds and really thinking about being in such a wonderful place then we played a game of bat and moth which was great fun. Then we deigned and made shelters for the Minpin's (the miniature people who live in the forest in the story of the Minpins) When our shelter were made we discussed their design and asked questions about each other's project.

We had our lunch and then tried lighting a fire with a flint... much harder than matches but great fun.

Sometime later when our camp fire was burning we toasted marshmallows while a group of children prepared chocolate bananas to roast on the fire.

We all had a fantastic time in Geneva Woods.
