

Beamish

On Friday 8th May, we went to Beamish with Year 2.

First we had a ride on an old double decker bus, it was very breezy sitting upstairs. We visited the new bakery and rolled some dough into sausage shapes. There was a delicious smell there. The shop was very different to Gregg's! After a quick trip into the vaults of the bank we went to the sweet shop where we asked some good questions about how the sweets were made and what the utensils were used for. The cinder toffee and fruit sweets were Delicious— just look at all those red tongues! We visited the horses and they were HUGE! After our lunch we visited the school and decided we preferred our classroom with different activities to choose from. If you were in trouble then you got a red chalk mark on your nose or had to stand in the corner with your hands in the air. Last of all we tried to roll the metal hoops in the schoolyard. We all had a super day.
