

People Who Help Us

During the year we have had lots of visitors to talk about how they help us, some include:

The dentist - Caroline came to talk to the children about how to keep our teeth healthy. The children enjoyed dressing up as a dentist and checking each other's teeth!

The Police - Clare came to visit us at Nursery to talk about how the Police help to keep us safe. She also

brought along her Police dogs Jet and Ben and explained to the children how they help her.
