

## Christian Values in Action

Jessica and Rosie came up with a wonderful idea of making soft toys to sell to make money to buy a water pump for villagers in Uganda.

Harry also had an idea of filling a Smartie tube with 20 pence's which will pay for a water pump. Well done to you all.

Thank  
You

Our Head Boy and Girl presented Rev. Sheilagh with £57.50, which you kindly donated towards water pumps, which will go to a very remote village in Uganda where the only access is a thirty minute boat ride up a very hazardous swamp!
