

What is a newspaper article and how do I write one?

Year 3's most recent writing topic is newspapers! They began their learning with a special delivery of newspapers which the children were very excited about exploring. After a few rounds of detectives the children confidently identify a range of key features including: headlines, subtitles, by-lines, introductions, orientations and eye-witness reports! They loved standing up and explaining the key features to their friends and can't wait to write their own all about Tutankhamun!
