

Over the past couple of weeks, Year 3 have been looking at the stories which discuss Jesus calling his disciples. They have been interested in the bravery of the disciples who were so brave and trustworthy. We thought about what it meant to be a fisher of men, what qualities they needed and what their job was. We considered why Matthew thought this story was good news and what good news came from it.

The children were in role as Peter and Andrew and asked Jesus many questions about what he wanted from them and why He chose them.

Finally, the children created beautiful artwork which showed the fishers of men, who they were and the qualities the children believed fishers of men needed. What a marvellous job they have done!
