

Road Safety—Seatbelts

Denise came into Y5 to talk to us about wearing seatbelts. Lots of us said we didn't wear a seatbelt in the car, especially when we were only on short journeys.

Denise explained all about forces and momentum ...

and then told us the story of the 'Dim' family

who came to a very nasty end!

We all know the consequences of not wearing a seat belt now—even on the shortest trips—and promise to wear our belts before we hurt ourselves or someone else.
