

# Harvest Festival

The Bible says we should be content with what we have, and always thank the Lord for his gifts, but sometimes we focus on what we haven't got and feel envy instead of gratitude.

For our harvest assembly this year, Year 3 have been thinking about our blessings and what we have to be grateful for. We reflected on the fact that often we take things for granted or complain if things don't go our way. Therefore, we decided to share with our family and friends how important it is to always be thankful for everything we have. Our Year 3 newsreaders shared stories of famine and chronic starvation in Somalia and Kenya. They also shared a newsflash about our local food banks. This helped us all to realise that we are so very lucky and that we have some talented actors in the making!
