

Year 1 and 2 enjoyed a forest schools experience. They started with a nature trail, collecting and learning about many signs of autumn. Next they sat around the campfire and learnt how to light fires with fire steels and cotton wool. The children took part in numerous activities including willow weaving, clay modelling, seed planting, chopping up the vegetables to make soup over the camp fire and even sawing up the fire wood! The experience ended with hot chocolate and marshmallows around the camp fire.
