

Reception – While We Can't Hug.

Today in school we will be listening to the story "While We Can't Hug". We would like the children at home to listen to the story too. We would then like the children to draw or paint a picture to put in their window to let all of their friends know they are still thinking of them. Your child might like to draw their friend, the tortoise and hedgehog from the story, themselves playing with their friend, or anything they choose.

We will also create some pictures at school to put in our window.
