

Viking helmets

In the Spring term Year 3 were learning about the Vikings. They were so interested to see how different they were to us. We learned all about the attack on Lindisfarne, their weapons, their armour, their houses, their ships and even inspected some of their artefacts.

Year 3 really enjoyed making their own Viking helmets. They used split pins, sequins, fur, spray paint and paper mache to make beautiful replicas. They even showed these to an amazed audience of parents and friends during their class assembly.
