

Dear God, Thank you
for our Harvest
We have been out and
about in the allotment
picking the good food
that has grown. We
picked apples, pears,
beans, leeks and
tomatoes. We left the
blackberries for the
birds! Can you see our
giant sunflower head?
We can save some
seeds for planting in
spring and feed the
rest to the birds. The
birds that live near our
school will not be
hungry this winter.
