

General Election Assembly

Year 1 have been learning all about democracy. Their class assembly was all about the General Election. They did a super job of holding their placards and telling voters what their party will do. They know that a manifesto is the promises that parties make so you can decide if you want to vote for them. We had some fabulous bus drivers driving the election battle buses for voters to read. Who will be the next Prime Minister and move into 10 Downing Street?
